

## Editorial

---

Dear Trends in Pediatrics readers,

We are happy to present the second issue of this year which includes four original articles, three case reports, and a comprehensive review of multisystem inflammatory syndrome in children (MIS-C) which is a rare but severe complication of SARS-CoV-2 infection.

I would like to thank all of authors and reviewers who have contributed to the success of our journal.

I would like to express my deepest respect to all healthcare professionals who lost their lives due to the SARS-CoV-2 pandemic.

Sincerely yours,

**Ahmet Anik**  
**Editor-in-chief**
