

**A**

**Acne vulgaris**

The correlation of age, gender and drug dose with side effects of isotretinoin in patients with acne vulgaris, .....85

Effect of isotretinoin on periodontal tissues and oxidative stress markers in the saliva, ..... 132

**Acute generalized exanthematous pustulosis**

Acute generalized exanthematous pustulosis caused by a probable spider bite: A case report and review of the literature, ..... 152

**Adult Still's disease**

Adult Still's disease: An unusual case with atypical skin and histopathological findings, ..... 111

**Alopecia**

A case of temporal triangular alopecia, ..... 159

**AMH**

The evaluation of ovarian reserve and menstrual irregularities in female patients treated with systemic isotretinoin, .....79

**Ankylosing spondylitis**

Two cases with lichen planus pigmentosus inversus accompanying ankylosing spondylitis and diabetes mellitus, .....29

**Atypical eruption**

Adult Still's disease: An unusual case with atypical skin and histopathological findings, ..... 111

Two different vulvar pigmented lesions in the same patient: Basal cell carcinoma and mucosal melanosis mimicking melanoma and in-transit metastases, ..... 119

**Autoimmune disease**

Two cases with lichen planus pigmentosus inversus accompanying ankylosing spondylitis and diabetes mellitus, .....29

**Autoimmune**

Evaluation of cutaneous manifestations in patients under treatment with thyroid disease, .....46

**B**

**Basal cell carcinoma**

A neglected disease in a patient with dermatomyositis: Cutaneous leishmaniasis, .....36

Epidemiological evaluation of non-melanoma skin cancer according to body distribution, .....51

Ibrutinib-associated hematoma and ecchymosis in a patient with basal cell carcinoma who underwent Mohs micrographic surgery, .....66

**C**

**Complex aphthosis**

Complex aphthosis-like pemphigus vulgaris during pregnancy, ..... 165

**COVID-19**

Recommendations on the use of systemic treatments for urticaria and atopic dermatitis during the COVID-19 pandemic: Statement of Dermatoallergy Working Group of the Turkish Society of Dermatology, .....71

**Chronic urticaria**

The use of an urticaria control test for the evaluation of omalizumab treatment response in patients diagnosed with chronic urticaria,.. 143

**Cutaneous manifestations**

Evaluation of cutaneous manifestations in patients under treatment with thyroid disease, .....46

**Cutaneous tuberculosis**

Unexpected temporal localization of tuberculosis verrucosa cutis, ...162

**Cryosurgery**

The use of an urticaria control test for the evaluation of omalizumab treatment response in patients diagnosed with chronic urticaria, .... 143

**D**

**Dermoscopic**

A case of reactive perforating collagenosis accompanied by scabies and diabetes,..... 22

Dermoscopic and reflectance confocal microscopic findings in a case of plasma-cell cheilitis, ..... 167

**E**

**Elephantiasis**

Elephantiasis nostras verrucosa associated with chronic constipation in a low-weight patient, .....58

**Epidermal stem cells**

Changes in the expression pattern of epidermal stem cell markers in acute and chronic psoriatic lesions, .....41

**Epicardial**

The frequency of epicardial fat pads detected by chest x-rays in psoriasis patients, ..... 148

**Erbium-YAG Laser**

Treatment of tuberous sclerosis facial angiofibromas with erbium-yttrium aluminium garnet laser and topical sirolimus 0.25%, ..... 19

**F**

**Face**

Linear Atrophoderma of Moulin on face: An unusual location,..... 34

**Fluoroscopy**

Fluoroscopy-induced chronic radiation dermatitis treated with excision and reconstructed with rhomboid flap, ..... 156

**G**

**Giant variant**

Giant variant of acquired perforating dermatosis in a patient with diabetes mellitus, .....25

**H**

**Hematoma**

Ibrutinib-associated hematoma and ecchymosis in a patient with basal cell carcinoma who underwent Mohs micrographic surgery, .....66

Acute generalized exanthematous pustulosis induced by hydroxychloroquine associated with human leukocyte antigen-B51 (HLA-B51), DR1101,04, DQ03,05, and for the first time in the literature with HLA-B15, .....69

**Hirschsprung Disease**

Elephantiasis nostras verrucosa associated with chronic constipation in a low-weight patient, .....58

**I**

**Isotretinoin**

Assesment of acne vulgaris patients' attention tests during the isotretinoin treatment, .....1

The evaluation of ovarian reserve and menstrual irregularities in female patients treated with systemic isotretinoin, .....79

The correlation of age, gender and drug dose with side effects of isotretinoin in patients with acne vulgaris, ..... 85

Effect of isotretinoin on periodontal tissues and oxidative stress markers in the saliva, ..... 132

**L**

**Lichen planus**

Evaluation of serum vitamin D levels in patients with lichen planus, ... 138

**Lichen planus pigmentosus inversus**

Two cases with lichen planus pigmentosus inversus accompanying ankylosing spondylitis and diabetes mellitus, .....29

**Lupus erythematosus**

Periorbital lupus erythematosus profundus: A case report and review of the literature, ..... 114

**Lupus panniculitis**

Periorbital lupus erythematosus profundus: A case report and review of the literature, ..... 114

**M-N**

**Melanoma**

A challenging diagnosis: Recurrent nevus or melanoma, .....62

**mTOR inhibitor**

Treatment of tuberous sclerosis facial angiofibromas with erbium-yttrium aluminium garnet laser and topical sirolimus 0.25%, ..... 19

**Necrotic keratinocyte**

Adult Still's disease: An unusual case with atypical skin and histopathological findings, ..... 111

**O**

**Occupational dermatosis**

The effectiveness of İstanbul Occupational Diseases Hospital on employer attitude and worker's health in terms of occupational skin diseases,..... 5

**Onychomycosis**

Histopathological investigation of onychomycosis frequency in psoriatic nails using periodic acid-Schiff staining, ..... 103

**Orbital area**

Periorbital lupus erythematosus profundus: A case report and review of the literature, 114

Oral leukoplakia: Failure of topical imiquimod 5%, .....32

**P**

**Pachydermoperiostosis**

The use of simple skin excision and periosteal suture in the treatment of pachydermoperiostosis frontal skin thickening, ..... 108

**Pemphigus**

Complex aphthosis-like pemphigus vulgaris during pregnancy, ..... 165

**Perforating dermatosis**

Giant variant of acquired perforating dermatosis in a patient with diabetes mellitus, .....25

Effect of isotretinoin on periodontal tissues and oxidative stress markers in the saliva, ..... 132

**Persistent pruritic papules and plaques**

Adult Still's disease: An unusual case with atypical skin and histopathological findings, ..... 111

**Photocarcinogenesis**

Information about sun exposure, protection, awareness and behavioural patterns of medical students in Kolar, ..... 124

**Phototherapy**

Giant variant of acquired perforating dermatosis in a patient with diabetes mellitus, .....25

**Photodermatoses**

Information about sun exposure, protection, awareness and behavioural patterns of medical students in Kolar, ..... 124

**Plasma-cell cheilitis**

Dermoscopic and reflectance confocal microscopic findings in a case of plasma-cell cheilitis, ..... 167

**Psoriatic comorbidity**

The frequency of epicardial fat pads detected by chest x-rays in psoriasis patients, ..... 148

**Psoriasis**

Comparison of the plasma levels of cathepsin-L and granulysin between patients with psoriasis and healthy controls, .....15

Changes in the expression pattern of epidermal stem cell markers in acute and chronic psoriatic lesions, .....41

Histopathological investigation of onychomycosis frequency in psoriatic nails using periodic acid-Schiff staining, ..... 103

The frequency of epicardial fat pads detected by chest x-rays in psoriasis patients, ..... 148

**R**

**Radiodermatitis**

Fluoroscopy-induced chronic radiation dermatitis treated with excision and reconstructed with rhomboid flap, ..... 156

**Reactive perforating collagenosis**

A case of reactive perforating collagenosis accompanied by scabies and diabetes, .....22

**Recurrent nevus**

A challenging diagnosis: Recurrent nevus or melanoma, .....62

**S**

**Scabies**

A case of reactive perforating collagenosis accompanied by scabies and diabetes, .....22

**Sirolimus**

Treatment of tuberous sclerosis facial angiofibromas with erbium-yttrium aluminium garnet laser and topical sirolimus 0.25%, .....19

**Skin**

Relationship of cutaneous moisture, sebum and pH changes of healthy skin with menstrual cycle, .....90

**Skin cancer**

Does counseling have an effect on sun protection behaviors and early detection of skin cancer in middle-aged and older Turkish people?, .. 9

Epidemiological evaluation of non-melanoma skin cancer according to body distribution, ..... 51

**Stasis dermatitis**

Elephantiasis nostras verrucosa associated with chronic constipation in a low-weight patient, .....58

**Stroop test**

Assesment of acne vulgaris patients' attention tests during the isotretinoin treatment, .....1

**Sun protection**

Does counseling have an effect on sun protection behaviors and early detection of skin cancer in middle-aged and older Turkish people?, ...9

**Syrian asylum seekers**

Analysis of dermatological diseases of Syrian asylum seekers, .....96

**T**

**Triangular**

A case of temporal triangular alopecia, ..... 159
