COMPREHENSIVE MEDICINE

Formerly İstanbul Kanuni Sultan Süleyman Tıp Dergisi

AIMS AND SCOPE

Comprehensive Medicine is the official publication of Kanuni Sultan Süleyman Training and Research Hospital. It is published regularly, four times a year, in January, April, July and October as an electronic journal.

The journal was published by Bakırköy Obstetrics and Gynecology Hospital in 1990s as JOPP (gynecology obstetrics, pediatric and pediatric surgery) and has reached the status of 'peer-reviewed journal' in 2009. The journal was changed to İstanbul Kanuni Sultan Süleyman Tıp Dergisi in 2014 and known as Comprehensive Medicine beginning from 2023.

The language of the journal is English. It is a peer-reviewed journal and does not charge any fee from readers or authors. All published articles are open access.

The aim of Comprehensive Medicine is to provide students, who are educated in the field of medicine in all fields of medicine, and researchers to all physicians who are in the field of health and information about disease treatment and prevention methods. The journal publishes original research articles including gynecology, obstetric, pediatrics, pediatric surgery and basic medical sciences, case reports, reviews and announcements of panels and congresses. Comprehensive Medicine is to publish original researches on international level qualified, continuous and general medicine and periodically evaluated at the highest level both clinically and scientifically according to the konusunda double-blind, system for the consultant and writer. In addition to this, they include collections covering basic innovations about education, letters to the editor, and case reports.

Moreover, by conducting an objective evaluation within the framework of the ethical rules of the journal, the consultant aims to enable the reviewers to transfer their experiences to the authors, to give the author a perspective on how to write a scientific article, and to contribute to the elimination of the scientific value of the articles published in our country.

Publication History

Currently: Comprehensive Medicine | E-ISSN: 2822-6771 (2023 - current)

International periodical journal published four times in a year.

Comprehensive Medicine is indexed in TÜBİTAK ULAKBİM (TR Dizin), Türk Atıf Dizini (Turkish Citation Index), J-Gate, Türk Medline EBSCO, and GALE.

Open Access Policy

This journal provides immediate open access to its content on the principle that making research freely available to the public supports a greater global exchange of knowledge.

Open Access Policy is based on the rules of the Budapest Open Access Initiative (BOAI) <http://www.budapestopenaccessinitiative.org/>. By "open access" to peer-reviewed research literature, we mean its free availability on the public internet, permitting any users to read, download, copy, distribute, print, search, or link to the full texts of these articles, crawl them for indexing, pass them as data to software, or use them for any other lawful purpose, without financial, legal, or technical barriers other than those inseparable from gaining access to the internet itself. The only constraint on reproduction and distribution, and the only role for copyright in this domain, should be to give authors control over the integrity of their work and the right to be properly acknowledged and cited.

As publisher of the Comprehensive Medicine, Kare Media House does not demand any subscription fee, publication fee or similar payment for the access into electronic resources.

Permission Requests

For all published articles, Comprehensive Medicine accepts the "Creative Commons Attribution License" (Attribution 4.0 International CC BY)

This license lets others distribute, remix, adapt, and build upon your work, even commercially, as long as they credit you for the original creation. This is the most accommodating of licenses offered. Recommended for maximum dissemination and use of licensed materials.

Open access is an approach that reinforces interdisciplinary development and encourages cooperation between different disciplines. For this reason, Comprehensive Medicine Journal contributes to its field by offering more access to its articles and a more transparent review process.

COMPREHENSIVE MEDICINE

Formerly İstanbul Kanuni Sultan Süleyman Tıp Dergisi

Volume 16 Issue 1 January Year 2024

RESEARCH ARTICLES

- 1** Evaluation of the Relationship Between Lower Urinary Tract Symptoms Secondary to Benign Prostatic Hyperplasia, Depression and Quality of Life
Yaşar Pazır, Hüseyin Koçan, Taha Burak Bulut, Emre Arı, Semih Aktaş, Mustafa Kadıhasanoğlu
- 8** Radiotherapy Outcomes in Adults with H3K27M-Altered Midline Gliomas and Poor Performance Status
Esengül Koçak Uzel, Melisa Bağcı Kılıç, Metin Figen, Meltem Kırli Bölükbaş, Ömer Uzel
- 13** Diagnostic Effectiveness of High-Resolution T2-Weighted Magnetic Resonance Imaging in Restaging Rectal Cancer After Neoadjuvant Chemoradiotherapy
Ümmihan Topal, Hakan Yırğın, Nermin Gündüz, Yasin Kara, Serhan Yılmaz, Erkan Somuncu, Gülseren Yılmaz, Ayça Sultan Şahin, Ali Kocataş
- 19** Unilateral Approach Bilateral Microdecompression for Degenerative Lumbar Spinal Stenosis
Luay Şerifoğlu, Mustafa Umut Etlı
- 24** The Relationship Between OR-PNI Score and Disease Course in Coronavirus-19 Infection
Mitat Türker, İskender Ekinci, Yılmaz Önal, Hanişe Özkan, Betül Türker, Ahmet Çınar, İrem Kırış Utku, Gülden Anataca, Ömür Tabak, Murat Akarsu
- 32** Comparison of Invasive and Non-Invasive Mechanical Ventilation in COVID-19 Patients Followed with Respiratory Failure
Döndü Genç Moralar, Ülku Aygen Türkmen, Osman Çelik, Aleaddin Uluç, Serpil Şehirlioğlu Şahin
- 39** The Effects of Colchicine Treatment on Cardiac and Inflammatory Markers in COVID-19 Patients Followed Up in Intensive Care Unit
Mikail Akın, Kadir Arslan, Ebru Kaya, Ayça Sultan Şahin
- 45** Pediatric Surgeons' Approaches to Postoperative Analgesia in Türkiye
Ela Erten, Gökhan Berktuğ Bahadır
- 51** Clinical Characteristics, Antibiotic Resistance Profiles, and Factors Affecting Mortality in Patients Isolated *Acinetobacter Baumannii* in Intensive Care Unit: Retrospective Tertiary Center Analysis
Kadir Arslan, Ayça Sultan Şahin

REVIEW ARTICLE

- 58** The Comorbidity of Specific Learning Disorders in Attention Deficit Hyperactivity Disorder
Şennur Günay Aksoy

RETRACTION

- 63** Analysis of the Knowledge Level of the Surgical Residents Regarding the Pre-Operative Assessment of the Adult Elective Non-Cardiac Surgery Patients with Specific Clinical Conditions
Gözde Altun, Murat Aksun, Ayça Sultan Şahin
