## AIMS AND SCOPE

Istanbul Kanuni Sultan Süleyman Medical Journal is the official publication of Kanuni Sultan Süleyman Training and Research Hospital. It is published regularly, three times a year, in January, May, September as hardcopy and an electronic journal.

The journal was published by Bakırköy Obstetrics and Gynecology Hospital in 1990s.

JOPP (gynecology obstetrics, pediatric and pediatric surgery) has reached the status of the journal of peer-reviewed journal in 2009. And it is publishing as Istanbul Kanuni Sultan Süleyman Medical Journal since 2014.

The journal publishes original research articles including gynecology, obstetric, pediatrics, pediatric surgery and basic medical sciences, case reports, reviews and announcements of panels and congresses.

The language of the journal is Turkish and English. It is a peer-reviewed journal and does not charge any fee from readers or authors. All published articles are open access.

The aim of Istanbul Kanuni Sultan Süleyman Medical Journal is to provide students, who are educated in the field of medicine in all fields of medicine, and researchers to all physicians who are in the field of health and information about disease treatment and prevention methods.

In addition, by conducting an objective evaluation within the framework of the ethical rules of the journal, the consultant aims to enable the reviewers to transfer their experiences to the authors, to give the author a perspective on how to write a scientific article, and to contribute to the elimination of the scientific value of the articles published in our country.

Istanbul Kanuni Sultan Süleyman Medical Journal is to publish original researches on international level qualified, continuous and general medicine and periodically evaluated at the highest level both clinically and scientifically according to the konusunda double-blind, system for the consultant and writer. In addition to this, they include collections covering basic innovations about education, letters to the editor, and case reports.

Our journal was published by Bakırköy Obstetrics and Gynecology Hospital in 1990s.

JOPP (gynecology obstetrics, pediatric and pediatric surgery) has reached the status of the journal of peer-reviewed journal in 2009. And it is publishing as Istanbul Kanuni Sultan Süleyman Medical Journal since 2014.

Yayınlanma Tarihi/Online Publication Date: Mayıs 2022/May 2022 ISSN: 2148-273X E-ISSN: 2667-7458

Yılda üç kez yayımlanan süreli yayındır. / International periodical journal published three times in a year.

Formerly: JOPP (Gynecology Obstetrics Pediatrics and Pediatric Surgery Journal) | ISSN: 1308-6715

This journal has been indexed in TÜBİTAK ULAKBİM TR Dizin, Türk Atıf Dizini (Turkish Citation Index) since September of 2011 and EBSCO since September of 2020.

### Open Access Policy

This journal provides immediate open access to its content on the principle that making research freely available to the public supports a greater global exchange of knowledge.

Open Access Policy is based on the rules of the Budapest Open Access Initiative (BOAI) <http://www.budapestopenaccessinitiative.org/>. By “open access” to peer-reviewed research literature, we mean its free availability on the public internet, permitting any users to read, download, copy, distribute, print, search, or link to the full texts of these articles, crawl them for indexing, pass them as data to software, or use them for any other lawful purpose, without financial, legal, or technical barriers other than those inseparable from gaining access to the internet itself. The only constraint on reproduction and distribution, and the only role for copyright in this domain, should be to give authors control over the integrity of their work and the right to be properly acknowledged and cited.

As publisher of the Istanbul Kanuni Sultan Süleyman Medical Journal, Kare Publishing House does not demand any subscription fee, publication fee or similar payment for the access into electronic resources.

### Permission Requests

For all published articles, Istanbul Kanuni Sultan Süleyman Medical Journal accepts the “Creative Commons Attribution License” (Attribution 4.0 International CC BY)

This license lets others distribute, remix, adapt, and build upon your work, even commercially, as long as they credit you for the original creation. This is the most accommodating of licenses offered. Recommended for maximum dissemination and use of licensed materials.

Open access is an approach that reinforces interdisciplinary development and encourages cooperation between different disciplines. For this reason, IKSST Journal contributes to its field by offering more access to its articles and a more transparent review process.

## CONTENTS / İÇİNDEKİLER

### ORIGINAL INVESTIGATION / ÖZGÜN ARAŞTIRMA

- 113** **Pediyatrik Hastalarda Postoperatif Deliryum Gelişmesi ile Analjezi Nosisepsiyon İndeks Değerleri Arasındaki İlişkinin Belirlenmesi**
