Dear Readers,

It gives me great pleasure to present JEMS 12 (1) to our esteemed readers. Every day, more people are becoming interested in JEMS, and the editorial board and reviewers are becoming pickier. This issue includes some interesting and worthwhile studies. Without a doubt, the maritime area will benefit from these studies. I would like to thank the following people: the publishers, who produced high-quality publications by carefully adhering to our publication policies; our reviewers; the editorial board; the section editors; and the authors, who submitted their insightful studies for publication in this issue.

Best Regards,

Prof. Dr. Selçuk NAS
