

### **Obituary Prof. Ernest Beutler**

Received: June 15, 2009

Professor Ernest Beutler (1928 - 2008)

An internationally renowned hematologist, Professor Ernest Beutler, passed away October 5, 2008. He made numerous contributions to hematology in the field of red cell enzymopathies, mainly on G6PD deficiency, and disorders of iron metabolism. He was an editorial board member of the Turkish Journal of Hematology.

His contributions to hematology and to our journal will be remembered.
